Aspiring Flutter Developer passionate about building beautiful, functional mobile apps. Skilled in Dart, Flutter, Firebase, and Git. Looking to gain real-world experience through internships and freelance opportunities.

## Projects

**Todo App** – *Flutter, Dart, Provider, Firebase*　　　May 2025 - May 2025

Developed a task management app with light/dark theme toggle using Provider for state management. Implemented CRUD operations for tasks and Firebase for authentication and database.

**Newzler App** – *Flutter, Dart, Provider, Firebase*　　　May 2025 - Jun 2025

Designed and developed a clean and minimalistic user interface for a news application using Flutter. The UI layout includes sections for headlines, categories, and detailed news views with responsive design considerations.

## Core Skills

**Mobile Development:** Dart, Flutter, Provider, Firebase
**Web Development:** HTML, CSS, JavaScript, PHP, Python
